Join 'Time for Change' Rallies – Help Change the Government

The CLC is kicking off its 'Time for Change' initiative with rallies that are designed to build opposition to the Conservatives in the run-up to the federal election in October. CUPW cannot overstate the importance of participating in these rallies. We will not recognize this country if Stephen Harper gets another mandate and we will not recognize our public post office.

Canada Post and the Conservative government are determined to change postal service as we know it, and destroy thousands of our jobs in communities across the country. The good news is that there is massive opposition to what Canada Post and the Conservatives have in mind and that an election could stop them altogether. Help build this opposition by attending the CLC rallies.

A list outlining when and where rallies will be held follows:
