Dear Mr. Lemelin,

Thank you for your letter dated August 29<sup>th</sup>, 2014, regarding the need for a review of the *Canadian Postal Service Charter* by the Government of Canada. We have brought your letter to the attention of our Board of Directors.

Disability Alliance BC (DABC) shares CUPW's concerns over Canada Post's decision to institute cuts to home delivery services. In January, we wrote to Minister Lisa Raitt to voice our opposition and request a reversal of this decision. We emphasized the negative impact that these cuts will have on people with disabilities and seniors.

DABC is a member organization of the Council of Canadians with Disabilities (CCD). CCD has taken a leading role on this issue. Pat Danforth is DABC's Chair and CCD Representative, as well as the First Vice Chair of CCD's Executive Committee. Ms. Danforth and our Board respectfully suggest that you contact Laurie Beachell at CCD. CCD's mailing address is 909-294 Portage Avenue, Winnipeg, MB R3C 0B9.

Thank you again for writing to us about this very important issue for our community.

Sincerely,

Jane Dyson  
Executive Director
