POSTAL WORKERS OVERWHELMINGLY VOTE TO SUPPORT EQUITY, IMPROVEMENTS AND NO CONCESSIONS

Here are the results of the strike votes conducted for employees in the Urban and Rural and Suburban Mail Carriers bargaining units.

Members were asked if they agreed to authorize the CUPW National Executive Board to call strike activities if necessary to achieve our demands, stop the employer's rollbacks and improve service to the public.

The result of the vote is:

Urban Operations unit: 94.19% YES

Rural and Suburban Mail Carriers unit: 91.26% YES

The Negotiating Committee wishes to express its appreciation to the membership for providing us with this magnificent display of support.

Unity, Solidarity and Determination

Now more than ever it is necessary to remain united and determined. With your continued support there is much we can accomplish.

In solidarity,

Mike Palecek
National President
