Re: Support to reverse changes to services announced by Canada Post.

Please be advised that the Council of the Town of Castor, at their Regular Meeting, on September 22, 2014 voted to support the Canadian Union of Postal Workers in their plea to reverse the Canada Post plan for cuts. Eliminating delivery, closing and downsizing post offices, reducing post office hours, and destroying thousands of jobs in communities throughout the country is not an acceptable solution.

For years we have watched postal rates increase and services deteriorate. Consultation with the public as to what kind of postal service they need before imposing major changes to the postal service would seem the responsible action.

The Town of Castor urges the Federal Government to, at the very least, revisit this decision.

Sincerely,

Sandi Jackson, C.A.O.
Town of Castor
