Dear Mr. Lemelin,

Please find following the resolution made by council at our regular council meeting dated February 10, 2015. The council would like to offer their support to stop the cuts, stop closing and downsizing post offices, stop reducing post office hours and stop elimination door-to-door deliver. Our small community relies highly on our local Post Office and it would be very inconvenient for all residents and businesses to lose this service.

Please consider consulting with the public before allowing Canada Post to make such major changes to public postal service and reverse the changes to service announced by Canada Post. If you require any further information, please contact our office and I would be happy to help you.

Yours Truly,
