Subject: Solidarity message from the Palestinian Postal Service Workers' Union to the Canadian Union of Postal Workers

Dear President of CUPW,
Dear Brothers and Sisters,

The members and representatives of the Postal Service Workers' Union - Occupied Palestine, and all its branches, would like to express their full solidarity with you in your protest actions against the drastic cutbacks announced by Canada Post that jeopardize the future of Canada Post workers and Canadian public postal services. Public postal services are of tremendous importance to any population and society, and it is very sad and tragic that your decision-makers are ready to sacrifice yours on the altar of narrow financial considerations.

We sincerely hope that your voice will be heard, and that the public you are serving with great dedication will support you in preserving public postal services in Canada.

Yes, Canada Post deserves to be saved! May all Canadians support your struggle!

In solidarity,

Imad AA Temiza
President of PPSWU

Imad Temiza
