Tamil தமிழ் Heritage மரபுத் Month திங்கள்

January 2024

January is Tamil Heritage Month in Canada and it is an opportunity to recognize the tremendous contribution of Tamil Canadians to our nation's social, economic, political, and cultural fabric.

Canada is home to over 200,000 individuals of Tamil Descent living primarily in the Greater Toronto area. Canada's Tamil population is thought to constitute the largest such diaspora in the world outside of India. Uprooted from their homeland by the Sri Lankan State due to the Tamil Genocide. Tamils have been fighting for freedom and justice, from the embers of Mullivaikkal for and their independence to create a country known as Tamil Eelam, for many years.

We're proud of the Tamil heritage in CUPW and we invite you to celebrate with us!
