Rabat, Morocco 24/10/2018

To Mr. Justin Trudeau
Prime Minister of Canada

On behalf of **UNI P&L Mena - Med**, we are paying particular attention to the situation at **Canada Post** and to the struggle being waged by **CUPW** workers to grow **Canada Post** through innovative solutions that will ensure the ongoing sustainability of an expanded service, to the benefit of users.

We, at **UNI P&L Mena - Med**, like all **UNI GLOBAL UNION** affiliates and more specifically **UNI Post & Logistics Global Union**, fully support this just struggle, which will primarily benefit the Canadian people.

Mr. Prime Minister, we strongly believe that the option of creating a postal bank in Canada is a logical and reasonable choice on every score (see the example of the Postal Bank in Morocco).

We assure you that we are willing to provide all forms of support and all of our solidarity to our brothers and sisters. We wholeheartedly support **CUPW**.

So, So, So, Solidarity

Copy to:
