* **Total FTE** - The use of Full Time Equivalents converts part-time positions to full-time positions based on the average structured minutes for the purposes of comparisons over time. In December 2013, for example the average part time route was 0.548 of a full-time route.

* **Total FTE** - Data from Sep 2014 075 Database (LC positions only)

** **POC Impacted** - Information received from CPC

** **Estimated Reduction of Workforce %** - Information received from CPC

** **Implementation Date** - Information received from CPC

*** **Estimated Job Losses #** - Calculations rounded up or down

**** Does not take into account any impact on Group 1 jobs
